

# DELIVERING DRAINAGE SOLUTIONS

TANKERING • JETTING • DRAINAGE CCTV

RESIDENTIAL

PUBLIC  
SECTOR

COMMERCIAL

HOSPITALITY  
& RETAIL

# Edincare has been established for over 25 years specialising in delivering drainage solutions nationwide.

Edincare Drains offers tankering, jetting and drainage CCTV services to a wide range of industries including the Residential, Commercial and Hospitality & Retail, as well as in the Public Sector.

We undertake works on the following application types:

## TANKERING

Septic tank and cesspit removal  
Flood response  
Interceptor cleaning  
Waste water removal  
Pump station cleaning  
Road gully cleaning  
Fat, oil and grease trap removal

## JETTING

Drain blockage removal  
Drain maintenance

## DRAINAGE CCTV

Drainage CCTV surveys

We provide an effective, fast and efficient service with the use of the latest equipment available. Our fleet of service vehicles are fully compliant with the latest emissions standards, supporting our Edincare Group environmental goal.

From our Head Office located in Hemel Hempstead, Hertfordshire our team of Service Coordinators will be your first point of contact, guiding you through from initial call to our arrival on site and throughout our works ensuring that you are fully informed of our progress. We will provide a fixed price quote, where possible, which includes all labour and travel costs, so you know exactly what you are paying in advance.

All engineers are fully trained and qualified to work on all aspects of drainage, as well as being specifically trained in the use of gas detection equipment, confined space entry procedures and all relevant health and safety legislation.

Edincare is registered with the British Safety Council, Constructionline, Safe Contractor, CHAS, ISO, Basement Waterproofing Association, PCA, FORS, NICEIC and NADC demonstrating our commitment to health and safety and our quality of workmanship.

# 24/7

## Emergency Call Outs

We offer support 24 hours a day, 7 days a week, nationwide to help you with your drainage emergency. With our own fleet of service vehicles, we can respond to emergency call outs quickly.

## DRAINAGE CCTV

We offer drainage CCTV surveys, where we provide a professional and comprehensive service to investigate the cause of blockages in pipework from 50–200mm. This includes; drains, pump stations, drainage channels and rising mains, where an effective solution to resolve the blockage can be determined.

## TANKERING

We offer tankering services, where we provide a fast and effective service to remove waste water from site and dispose of it at a waste disposal plant. This includes; septic tank and cesspits, interceptors, pumping stations, road gullies and fat, oil and grease traps to name a few.

## JETTING

We offer high pressure jetting services, where we provide an efficient service to undertake high pressure jetting works to a wide range of pipework sizes. This includes; drains, rising mains, drainage channels, where an effective solution to resolve the blockage is undertaken.
